Aroldo

Aroldo (Italian pronunciation: [aˈrɔldo]) is an opera in four acts by Giuseppe Verdi to an Italian libretto by Francesco Maria Piave, based on and adapted from their earlier 1850 collaboration, Stiffelio. The first performance was given in the Teatro Nuovo Comunale in Rimini on 16 August 1857.

Aroldo - Wikipedia

Here is an opera written (or should I say revised) by Verdi at the height of his powers (1857, following the completion of Simon Boccanegra). It was a rather extensive revision of an earlier (1850) opera entitled Stiffelio; the revision included

Philips now closes the circle with Aroldo, which was recorded by CBS several years ago, but with nowhere near the impact of this recording. First and foremost, this is a gloriously sung opera! Carol Vaness is meltingly lyrical, yet brings the dramatic intensity of the troubled Mina clearly into focus.

Verdi: Aroldo - amazon.com

The meaning of the name Aroldo is "army ruler". Aroldo is an Italian form of Harold (Scandinavian, Old English): from Old English here weald.

Aroldo - Name Meaning, What does Aroldo mean?

Aroldo is an opera in four acts by Giuseppe Verdi to an Italian libretto by Francesco Maria Piave, based on and adapted from their earlier 1850 collaboration, Stiffelio. The first performance was given in the Teatro Nuovo Comunale in Rimini on 16 August 1857.

Aroldo by Aroldo on Apple Music

Aroldo— one of the composer's least performed works—premiered in 1857 in Rimini, Italy. The work was created in response to the censorship of Verdi's 1849 Stiffelio, whose tale of a protestant pastor publicly pardoning an adulterer and his wife proved too scandalous for 19th-century Italian society.

This title was first published in 2001. Concentrating exclusively on the dramatic content of Verdi's opera, this text illuminates the characters and plot scenarios that inspired one of the greatest composers of opera. Organized alphabetically, the reference contains over 250 entries, with synopses and first performance and cast details.

A comprehensive guide to Giuseppe Verdi's AROLDO (successor to Stiffelio), featuring Principal Characters in the Opera, Brief Story Synopsis, Story Narrative with Music Highlight Examples, a new LIBRETTO translation with Italian-English side-by-side, in parallel, and Burton D. Fisher's in depth and insightful Commentary and Analysis.

During the middle phase of his career, 1849-1859, Verdi created some of his best-loved and most frequently performed operas, including Luisa Miller, Rigoletto, Il

trovatore, La traviata, and Un ballo in maschera. This was also the period in which he wrote his first completely original French grand opera, Les Vepres siciliennes; the first version of Simon Boccanegra; and the intensely dramatic Stiffelio, until recent years the most neglected of all Verdi's mature works for the operatic stage. Featuring contributions from many of the most active Verdi scholars in the United States and Europe, Verdi's Middle Period explores the operas composed during this period from three interlinked perspectives: studies of the original source material, cross-disciplinary analyses of musical and textual issues, and the relationship of performance practice to Verdi's musical and dramatic conception. Both musicologists and serious opera buffs will enjoy this distinguished collection.

You are getting ready for a performance of Donizetti's L'elisir d'amore and you have a few questions. How many clarinets are in the orchestra? How many orchestra members appear onstage? How many different sets are there? How long does the opera typically run? What are the key arias? Are any special effects or ballet choreography required? Who owns the rights? Where was it premiered? What are the leading and supporting roles? The Opera Manual is the only single source for the answers to these and other important questions. It is the ultimate companion for opera lovers, professionals, scholars, and teachers, featuring comprehensive information about, and plot summaries for, more than 550 operas—including every opera that is likely to be performed today, from standard to rediscovered contemporary works. The book is invaluable, especially for opera

Read Free Aroldo

professionals, who will find everything they need for choosing and staging operas. But it is also a treasure for listeners. Similar reference books commonly skip over scenes and supporting characters in their plot summaries, lacking even the most basic facts about staging, orchestral, and vocal requirements. The Opera Manual, based on the actual scores of the works discussed, is the only exhaustive, up-to-date opera companion—a “recipe book” that will enable its readers to explore those operas they know and discover new ones to sample and enjoy.

Based on articles in the New Grove dictionary of opera.
