You definitely need to have read the previous books to understand everything going on here.

NEW YORK TIMES BESTSELLER • “[Furst] glides gracefully into an urbane pre-World War II Europe and describes that milieu with superb precision.” —Janet Maslin, *The New York Times* In the autumn of 1940, Russian émigré journalist I. A. Serebin is recruited in Istanbul by an agent of the British secret services for a clandestine operation to stop German importation of Romanian oil—a last desperate attempt to block Hitler’s conquest of Europe. Serebin’s race against time begins in Bucharest and leads him to Paris, the Black Sea, Beirut, and, finally, Belgrade; his task is to attack the oil barges that fuel German tanks and airplanes. *Blood of Victory* is a novel with the heart-pounding suspense, extraordinary historical accuracy, and narrative immediacy we have come to expect from Alan Furst. Praise for *Blood of Victory* “Densely atmospheric and genuinely romantic, the novel is most reminiscent of the Hollywood films of the forties, when moral choices were rendered not in black-and-white but in smoky shades of gray.”—*The New Yorker* “Furst’s achievement is a moral one, producing a powerful testament to fiction’s ability to re-create the experience of others, and why it is so deeply important to do so.” —Neil Gordon, *The New York Times Book Review* “Richly atmospheric and satisfying.” —Deirdre Donahue, *USA Today*

Utterly gripping spy thriller set in the glittering world of European high society, just before the Second World War. November, 1940. I.A. Serebin, a writer from Odessa and former decorated Hero of the Soviet Union, is on his way to Istanbul following a cryptic letter from a former lover. Ostensibly there on official business for the International Russian Union, an émigré organisation based in Paris, he is drawn into a clandestine world of international spies and political players. With war in Europe drawing nearer, Serebin is recruited by the British secret services – his mission to stop the export of Romanian oil to Germany. In a race against time, Serebin's journey will take him from the glittering salons of Paris to the back alleys of Bucharest and the Black Sea ports, in a covert operation to staunch the flow of oil, the precious 'blood of victory'.

'With a soldier's eye for telling operational details, Ben Barry offers an authoritative, compelling and inevitably bleak account of the American and British campaigns in Iraq and Afghanistan.' Sir Lawrence Freedman, Emeritus Professor of War Studies, King's College London Written by the author of the official British military analysis

of the Iraq campaigns, *Blood, Metal and Dust* is the first authoritative military history of the wars in Iraq and Afghanistan to tell the detailed story of what happened on the ground. From the high-ranking officer who wrote the still-classified British military analysis of the war in Iraq comes the authoritative history of two conflicts which have overshadowed the beginning of the 21st century. Inextricably linked to the ongoing 'War on Terror', the wars in Iraq and Afghanistan dominated more than a decade of international politics, and their influence is felt to this day. *Blood, Metal and Dust* is the first military history to offer a comprehensive overview of the wars in Afghanistan and Iraq, providing in-depth accounts of the operations undertaken by both US and UK forces. Brigadier Ben Barry explores the wars which shaped the modern Middle East, providing a detailed narrative of operations as they unfolded. With unparalleled access to official military accounts and extensive contacts in both the UK and the US militaries, Brigadier Barry is uniquely placed to tell the story of these controversial conflicts, and offers a rounded account of the international campaigns which irrevocably changed the global geopolitical landscape.

One by one the shots struck me in the face, right arm, right shoulder, chest, and neck. My body suddenly went limp. Blood began to gush from me. I fell to the cold, wet ground helpless, lying on my side. I felt like an animal that had been stalked and gunned down in the woods. Through a blurry eye I noticed that Devin, my attacker, had stepped around Mother so he could get a good look at me. I lay motionless on the ground, praying that he would think I was dead. He stared at me with his cold, blue eyes, satisfied that I was now dead. On January 5, 1986, fourteen-year-old Lisa Barnett and her family prepared for church as they normally would any other Sunday. As Lisa, her mother, and her brother drove to church, Devin, an older boy with a romantic interest in Lisa, tried to run them off of the road and ultimately shot Lisa and her mother in the parking lot of the Macedonia Baptist Church in East Texas. In the aftermath of this tragic event, Lisa's and her mother's lives hung in the balance. Through surgery and the power of prayer, Lisa and her mother managed to survive. In *Blood-Stained Victory*, author Lisa Barnett Pridgeon recounts her dark day, her emotional and physical struggles as she recovered, and the healing power of prayer and a loving family. As she overcomes the odds, you will get a true sense of the power of prayer and the glory of God.

"Kingdom of Shadows must be called a spy novel, but it transcends genre, as did some Graham Greene and Eric Ambler classics."--The Washington Post Paris, 1938. As Europe edges toward war, Nicholas Morath, an urbane former cavalry officer, spends his days working at the small advertising agency he owns and his nights in the bohemian circles of his Argentine mistress. But Morath has been recruited by his uncle, Count Janos Polanyi, a diplomat in the Hungarian legation, for operations against Hitler's Germany. It is Morath who does Polanyi's clandestine work, moving between the beach cafés of Juan-les-Pins and the forests of Ruthenia, from Czech fortresses in the Sudetenland to the private gardens of the déclassé royalty in Budapest. The web Polanyi spins for Morath is deep and complex and pits him against German intelligence officers, NKVD renegades, and Croat assassins in a shadow war of treachery and uncertain loyalties, a war that Hungary cannot afford to lose. Alan Furst is frequently compared with Eric Ambler, Graham Greene, and John le Carré, but Kingdom of Shadows is distinctive and entirely original. It is Furst at his very best. Praise for Kingdom of Shadows "Kingdom of Shadows offers a realm of glamour and peril that are seamlessly intertwined and seem to arise effortlessly from the author's consciousness."--Janet Maslin, The New York Times "Subtly spun, sensitive to nuances, generous with contemporary detail and information discreetly conveyed. . . . It's hard to overestimate Kingdom of Shadows."--Eugen Weber, Los Angeles Times "A triumph: evocative, heartfelt, knowing and witty."--Robert J. Hughes, The Wall Street Journal "Imagine discovering an unscreened espionage thriller from the late 1930s, a classic black-and-white movie that captures the murky allegiances and moral

ambiguity of Europe on the brink of war. . . . Nothing can be like watching Casablanca for the first time, but Furst comes closer than anyone has in years."—Walter Shapiro, Time

"It is so important for us to be aware that the enemy fights with all his strength to ensure believers ignore the power of the blood of Jesus. He does this because he knows that Jesus' blood is God's most powerful weapon, and that it has defeated him forever. In a divine exchange, Jesus shed His blood to purchase our redemption. He has set us completely free in every area of our lives. Through His blood, we overcome the enemy. Pastor Castellanos clearly describes how we can make the redeeming work of the cross a reality in our daily lives. By combining spiritual teaching with real-life testimonies, stories and spiritual insights, he demonstrates how every believer can grasp the significance of the seven times Jesus shed His blood. Through this book, he arms the reader with the means and the determination to face the schemes of the enemy and come through victorious."--Provided by the publisher.
