Only one person believed Jane Parnell when she reported being raped at twenty-one: the mountain man who first led her up one peak after another in the Colorado Rockies and who then became her husband. Parnell took to mountaineering in the Rocky Mountains as a means to overcome her family's history of mental illness and the trauma of the rape. By age thirty she became the first woman to climb the 100 highest peaks of the state. But regaining her footing could not save her by-now-failing marriage. Unprepared emotionally and financially for singlehood, she kept climbing—the 200 highest peaks, then nearly all of the 300 highest. The mountains were the one anchor in her life that held. Finding few contemporary role models to validate her ambition, Parnell looked to the past for inspiration—to

English travel writer Isabella Bird, who also sought refuge and transformation in the Colorado Rockies, notably by climbing Longs Peak in 1873 with the notorious mountain man Rocky Mountain Jim. Reading Bird's now-classic *A Lady's Life in the Rocky Mountains* emboldened Parnell to keep moving forward. She was not alone in her drive for independence. Parnell's memoir spans half a century. Her personal journey dramatizes evolving gender roles from the 1950s to the present. As a child, she witnessed the first ascent of the Diamond on Longs Peak, the "Holy Grail" of alpine climbing in the Rockies. In 2002, she saw firsthand the catastrophic Colorado wildfires of climate change, and five years later, she nearly lost her leg in a climbing accident. In the tradition of Cheryl Strayed's *Wild* and Tracy Ross's *The Source of All Things*, Parnell's mountaineering memoir shows us how, by pushing ourselves to the limits of our physical endurance and by confronting our deepest fears, we can become whole again.

James Holmes killed or wounded seventy people in a movie theater in Aurora, Colorado. Only one man was allowed to record extensive interviews with the shooter. This is what he

found. On July 20, 2012 in Aurora, Colorado, a man in dark body armor and a gas mask entered a midnight premiere of *The Dark Knight Rises* with a tactical shotgun, a high-capacity assault rifle, and a sidearm. He threw a canister of tear gas into the crowd and began firing. Soon twelve were dead and fifty-eight were wounded; young children and pregnant women were among them. The man was found calmly waiting at his car. He was detained without resistance. Unlike the Columbine, Newtown, San Bernadino, and Las Vegas shootings, James Holmes is unique among mass shooters in his willingness to be taken into custody alive. In the court case that followed, only Dr. William H. Reid, a distinguished forensic psychiatrist, would be allowed to record interviews with the defendant. Reid would read Holmes' diary, investigate his phone calls and text messages, interview his family and acquaintances, speak to his victims, and review tens of thousands of pages of evidence and court testimony in an attempt to understand how a happy, seemingly normal child could become a killer. *A Dark Night in Aurora* uses the twenty-three hours of unredacted interview transcripts never seen by the public and Reid's research to bring the reader inside the mind of a mass murderer. The result is chilling, gripping study of abnormal psychology and how a lovely boy named Jimmy became a killer.

This is *Oh, the Places You'll Never Go*--the ultimate hilarious, cynical, but absolutely realistic view of a college graduate's future. And what he or she can or can't do about it. "This commencement address will never be given, because graduation speakers are supposed to offer encouragement and inspiration. That's not what you need. You need a warning." So begins Carl Hiaasen's attempt to prepare young men and women for their future. And who better to warn them about their precarious paths forward than Carl Hiaasen? The

# Read Book Colorado Rockies 2018 Calendar

answer, after reading Assume the Worst, is: Nobody. And who better to illustrate--and with those illustrations, expand upon and cement Hiaasen's cynical point of view--than Roz Chast, best-selling author/illustrator and National Book Award winner? The answer again is easy: Nobody. Following the format of Anna Quindlen's commencement address (Being Perfect) and George Saunders's commencement address (Congratulations, by the way), the collaboration of Hiaasen and Chast might look typical from the outside, but inside it is anything but. This book is bound to be a classic, sold year after year come graduation time. Although it's also a good gift for anyone starting a job, getting married, or recently released from prison. Because it is not just funny. It is, in its own Hiaasen way, extremely wise and even hopeful. Well, it might not be full of hope, but there are certainly enough slivers of the stuff in there to more than keep us all going.
