Defiance is the fourth book in the Strange Angels series by Lili St. Crow. In Defiance, our ass-kicking, almost-bloomed, now Head of the Order, Dru has been hard at work, training with Christophe and blaming herself for Graves' disappearance. Meanwhile Regina George...erm, Anna is also MIA. I can't say I miss her, though, home girl was CRAZY.

In Strange Angels, Dru Anderson has what her grandmother called " the touch. " (Comes in handy when you ' re traveling from town to town with your dad, hunting ghosts, suckers, wulfen, and the occasional zombie.) Then her dad turns up dead—but still walking—and Dru knows she ' s next. Even worse, she ' s got two guys hungry for her affections, and they ' re not about to let the fiercely independent Dru go it alone. Will Dru discover just how special she really is before coming face-to-fang with whatever—or whoever—is hunting her?

Hey Sucker. It's showtime. The Real World is a frightening place. Just ask sixteen-year-old orphan Dru Anderson, a tough girl who has taken on her fair share of bad guys. She's armed, dangerous, and not going down with a fight. So it's gonna take her a while to figure out who she can trust. . . . Dru Anderson has always been a good listener. She listened to her dad, but had to gun him down when he turned zombie. She listened to the Order, but got nothing but lied to in return. She listened to Christophe, but still lost the only friend she had left. Time to buckle up, boys and girls. Dru Anderson is done listening. From here on out, she'll face the King of the Vampires on her own terms. And if the Order has a problem with that, they can kiss their sweet little svetocha goodbye. DRU ANDERSON'S NOT AFRAID OF THE DARK. BUT SHE SHOULD BE.

She?s no angel . . . Poor Dru Anderson. Her parents are long gone, her best friend is a werewolf, and she?s just learned that the blood flowing through her veins isn?t entirely human. (So what else is new?) Now Dru is stuck at a secret New England Schola for other teens like her, and there?s a big problem? she?s the only girl in the place. A school full of cute boys wouldn?t be so bad, but Dru?s killer instinct says that one of them wants her dead. And with all eyes on her, discovering a traitor within the Order could mean a lot more than social suicide. . . Can Dru survive long enough to find out who has betrayed her trust?and maybe even her heart?

Jealousy, the third book in the Strange Angels series by Lillith St Crow sees Dru Anderson back in another bestselling supernatural blast-fest that Richelle Mead, author of the Vampire Academy series, calls 'dark, dangerous, and sexy!' Love is a battlefield. Just when Dru thought she was safe, everything exploded in her face. Her mom and dad are long gone, her protectors Graves and Christophe kinda want to rip each other's throats out, and a four-hundred-year-old nosferat named Sergej won't stop hunting her until his bloodthirsty army of suckers has torn her to shreds. Dru's finally made it to the Schola Prima - the Real Deal djamphir training facility and home of the Order - and life is about to get even more Real World. There's a brand new svetochna in town - a readheaded vixen named Anna who's got the Order wrapped around her pretty little finger, and who'd rather kill Dru than share the spotlight. Turns out Dru's got something Anna wants. And his name just happens to be Christophe Reynard. Visit the USA Strange Angels website

An adopted princess. An immortal family. A snow-choked city. And one blood-red apple. Snow White as you've never seen her before. . . . A battered child is found alone in the snow by the godfather of the Seven-the powerful Families that rule magic-ridden New Haven. Papa Vultusino adopts the girl, naming her after his dead wife and raising her in luxury on Haven Hill alongside his own son, Nico. Now sixteen. Camille keeps her faded scars hidden under her school uniform. She opens up only to her two best friends. Ruby and Ellie, and to Nico, who has become more than a brother to her. But even though Cami is a pampered Vultusino princess, she knows that she is not really Family. She is merely mortal, with a buried, uneasy past. And it's not until she meets the mysterious Tor, who reveals scars of his own, that Cami begins to uncover the secrets of her birth-and of the mysterious white-robed woman who calls from beneath New Haven's twisted streets. . . . An eerie, darkly atmospheric retelling of Snow White from New York Times bestselling author Lili St. Crow. **REVIEWS FOR NAMELESS** 'St. Crow delivers a beautifully romantic yet creepy tale. . . . The world-building is amazingly detailed, and she has built layers in both her characters and in the society they occupy. This story defies type as it's not merely a twisted fairy tale, nor is it simply another vampire love story. . . . it is purely 'other' and new.' School Library Journal 'The ambitious worldbuilding and alternate history are fully thought out and well-realized, sure to enchant readers. . . . A delicious treat for fairy-tale fans.' Kirkus

A 2015 Whitney Award Nominee! A powerful story of loss, second chances, and first love, reminiscent of Sarah Dessen and John Green. When Oakley Nelson loses her older brother, Lucas, to cancer, she thinks she ' ll never recover. Between her parents ' arguing and the battle she ' s fighting with depression, she feels nothing inside but a hollow emptiness. When Mom suggests they spend a few months in California with Aunt Jo, Oakley isn ' t sure a change of scenery will alter anything, but she ' s willing to give it a try. In California, Oakley discovers a sort of safety and freedom in Aunt Jo ' s beach home. Once they ' re settled, Mom hands her a notebook full of letters addressed to her—from Lucas. As Oakley reads one each day, she realizes how much he loved her, and each letter challenges her to be better and to continue to enjoy her life. He wants her to move on. If only it were that easy. But then a surfer named Carson comes into her life, and Oakley is blindsided. He makes her feel again. As she lets him in, she is surprised by how much she cares for him, and that ' s when things get complicated. How can she fall in love and be happy when Lucas never got the chance to do those very same things? With her brother ' s dying words as guidance, Oakley knows she must learn to listen and trust again. But will she have to leave the past behind to find happiness in the future? Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books for small children, chapter books, books for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

A destiny that leads the English to the Dutch is strange enough; but one that leads from Epsom into Pennsylvania, and thence into the hills that shut in Altamont over the proud coral cry of the cock, and the soft stone smile of an angel, is touched by that dark miracle of chance which makes new magic in a dusty world.

The second book in a romantic and drama-packed trilogy perfect for fans of Rachel Vincent, Julie Kagawa, and Alyson Noel. Lusciously romantic and full of action-packed drama, readers will be swept away by this thrilling novel. Dawn Montgomery knows that monsters really do come out at night—after all, they are her job. It ' s just after the thirty-year war between vampires and humans, and as an ambassador between the two sides (a role she inherited when her parents were killed), Dawn quickly learns that balancing schoolwork, teen life, and the requests of Lord Valentine, the most frightening vampire in the region, isn ' t easy. There's nowhere left to hide. I thought vampires were our enemies—they controlled our lives, isolated our cities, and demanded our blood—until I met Victor. With Victor taking over as the new Lord Valentine, things were supposed to get better. Instead, they're worse than ever. Day Walkers, a new breed of vampires who can walk in the sun, are terrorizing the city. Blood supplies are low, and if Victor's vampires don't get enough, they will become infected with the Thirst—a disease that will turn them into mindless killers. To stop it, I must journey across the desolate wasteland to the very place where the sickness began. I can only hope that the answers that await me are enough to save us all...before it's too late.

Explores Jung's psychological concepts regarding the nature, function and importance of man's symbols as they appear on both the conscious and subconscious level
