Four English children find a wonderful world of magic through an enchanted wishing ring.

"The Enchanted Castle" is a 1907 children's fantasy novel written by Edith Nesbit (1858 - 1924). Set in the West Country in England, the story follows three children—Gerald, James and Kathleen—and their discovery of an enchanted castle during the school holidays. A wonderful example of Nesbit's magical children's literature, "The enchanted castle" would make for perfect bedtime reading and is worthy of inclusion in any family collection. Edith Nesbit (1858 - 1924) was an English poet and author. She is perhaps best remembered for her children's literature, publishing more than 60 such books under the name E. Nesbit. She was also a political activist and co-founded the Fabian Society, which had a significant influence on the Labour Party and British politics in general. Other notable works by this author include: "The Prophet's Mantle" (1885), "Something Wrong" (1886), and "The Marden Mystery" (1896). Many vintage books such as this are becoming increasingly scarce and expensive. It is with this in mind that we are republishing this volume now in an affordable, modern, high-quality edition complete with a specially-commissioned new biography of the author.

THE ENCHANTED CASTLE By E. NESBIT The story takes place in England near the beginning of the twentieth century. The Enchanted Castle is not your average fairytale. In fact, it was the first of it's kind. The action is fast-paced and imaginative, ranging from comic to terrifying, from adventurous to mystical. The Enchanted Castle is beautiful and intricate, with a compelling narrative, appealing characters, and a masterful blend of magic and realism. Three young people, two brothers and a sister, find themselves

unable to go home for the school holidays and instead must stay at the girl's school. To avoid boredom they go exploring and come upon what appears to be an enchanted castle... ILLUSTRATIONS BY H. R. MILLAR

A verse retelling of "Sleeping Beauty" is nestled in a three-dimensional book that unfolds into the shape of a castle, which features architectural nooks and crannies, crenulated roofs, and die-cut windows.

The Enchanted Castle (1907) is a children's fantasy novel by English writer Edith Nesbit. Using elements of magic and mystery familiar to readers of her beloved Bastable and Psammead Trilogies, Nesbit crafts a tale of wonder and adventure for children and adults alike. While on a school holiday, children Jerry, Jimmy, and Kathy explore the open landscape of rural southwestern England. One day, they discover an immense country estate, designed like an ancient castle and complete with towers, gardens, groves, and even a lake. In the middle of its central rose garden, they find a maze at the end of which a young girl lies asleep. Waking, she reveals that she is the princess of the castle, and agrees to show them some of its mysteries. One of these is the ring of invisibility, which, when she slips it on her finger to demonstrate its power, actually works. Startled, the princess reveals that she is really the housekeeper's niece, and admits that she was only fooling around. Scared at first, the children begin to experiment with the ring, unleashing its powers in fantastic and terrifying ways. The Enchanted Castle is an entertaining, endearing novel, a masterpiece of mystery and adventure with enough excitement to ignite the wonder of children, and to fill any adult with a sense of childish wonder. With a beautifully designed cover and professionally typeset manuscript, this edition of Edith Nesbit's The Enchanted Castle is a classic of English children's literature reimagined for modern readers.

The Enchanted Castle and Five Children and It, by Edith Nesbit, is part of the Barnes & Noble Classics series, which offers quality editions at affordable prices to the student and the general reader, including new scholarship, thoughtful design, and pages of carefully crafted extras. Here are some of the remarkable features of Barnes & Noble Classics: All editions are beautifully designed and are printed to superior specifications; some include illustrations of historical interest. Barnes & Noble Classics pulls together a constellation of influences—biographical, historical, and literary—to enrich each reader's understanding of these enduring works. "I love E. Nesbit. . . . Her children are very real . . . and she was quite a groundbreaker in her day." J. K. Rowling, author of the best-selling Harry Potter series Considered the first modern writer for children, Edith Nesbit wrote wonderfully imaginative tales about magical adventures in the everyday world. In Five Children and It (1902), a group of children are digging in a sandpit one day when they discover a small, bad-tempered sand-fairy known as the Psammead, who is allowed to grant one wish per day. The children wish for many things—to be beautiful, to be rich, to grow wings—but none of the wishes turn out right. Luckily, the magic wears off at sunset, but will that be soon enough? The Enchanted Castle (1907) begins when three children stumble upon a mysterious house and discover an invisible princess and a magic ring. At first it all appears to be a great adventure. When the children need an audience for a play they have mounted, they make their own out of old clothes, pillows, and umbrellas. Then things go inexplicably wrong. To the young dramatists' horror, as the curtain falls, there is a ghastly applause. The creatures have come alive—and they prove to be most disagreeable! Features illustrations by H. R. Millar. Sanford Schwarz teaches English literature at Pennsylvania State University. He is the author of The Matrix of Modernism and various essays on modern literary, cultural, and intellectual history. He is currently writing a book on C. S. Lewis's science-fiction trilogy.

A world of enchanted castles to color - including hidden objects to find! Debut artist Fabiana Attansio has created a spectacular book of intricate and imaginative castles to color, along with hidden objects to seek and find. This incredibly detailed and beautiful coloring book will appeal to serious colorists who are looking to escape to a magical world.

Goofy's kindness to animals pays off when he is ordered to do three impossible tasks to save a castle and its inhabitants from a spell.
