Part of the Legend Classics series
As Gregor Samsa awoke one morning from uneasy dreams he found himself transformed in his bed into a gigantic insect. The *Metamorphosis* - the masterpiece of Franz Kafka - was first published in 1915 and is one of the seminal works of fiction of the twentieth century. The novel is cited as a key influence for many of today ' s leading authors; as Auden wrote: "Kafka is important to us because his predicament is the predicament of modern man". Traveling salesman, Gregor Samsa, wakes to find himself transformed into a large, monstrous insect-like creature. The cause of Gregor's transformation is never revealed, and as he attempts to adjust to his new condition he becomes a burden to his parents and sister, who are repelled by the horrible, verminous creature Gregor has become. A harrowing,

A Selection of Short Stories by Edgar Allen Poe
Grimm Fairy Tales

The story of the international struggle to preserve Kafka ' s literary legacy. Kafka ' s Last Trial begins with Kafka ' s last instruction to his closest friend, Max Brod: to destroy all his remaining papers upon his death. But when the moment arrived in 1924, Brod could not bring himself to burn the unpublished works of the man he considered a literary genius—even a saint. Instead, Brod devoted his life to championing Kafka ' s writing, rescuing his legacy from obscurity and physical destruction. The story of Kafka ' s

Get Free Franz Kafka His Place In World Literature

posthumous life is itself Kafkaesque. By the time of Brod ' s own death in Tel Aviv in 1968, Kafka ' s major works had been published, transforming the once little-known writer into a pillar of literary modernism. Yet Brod left a wealth of still-unpublished papers to his secretary, who sold some, held on to the rest, and then passed the bulk of them on to her daughters, who in turn refused to release them. An international legal battle erupted to determine which country could claim ownership of Kafka ' s work: Israel, where Kafka dreamed of living but never entered, or Germany, where Kafka ' s three sisters perished in the Holocaust? Benjamin Balint offers a gripping account of the controversial trial in Israeli courts—brimming with dilemmas legal, ethical, and political—that determined the fate of Kafka ' s manuscripts. Deeply informed, with sharply drawn portraits and a remarkable ability to

Proceedings Of The Comparative Literature Symposium Vol. IV

evoked a time and place, Kafka's *Last Trial* is at once a brilliant biographical portrait of a literary genius, and the story of two countries whose national obsessions with overcoming the traumas of the past came to a head in a hotly contested trial for the right to claim the literary legacy of one of our modern masters.
