The collective term "anti-money laundering laws" represents all laws that apply to the fight against money laundering and terrorist financing. One of the most important laws concerning this subject is the German Anti-Money Laundering Act but also the German Banking Act ( KWG), the German Payment Services Supervision Act (ZAG) and the German Criminal Code (StGB) contain regulations that ...

### Anti-money laundering laws | Glossary | PayTechLaw

Before defining anti-money laundering (AML), it's important to explain what money laundering is. Money laundering is the illicit practice of transferring funds of unlawful origin – usually as cash – into legal enterprises to make it look as though the money is legitimate. Money launderers might, for example, run money through a legitimate cash-based business; find a way to transfer cash into foreign countries to deposit it; deposit it in smaller chunks; or buy other cash instruments ...

### AML — Anti-money Laundering | BIS-UK

Designed to strengthen the European Union's efforts to combat money laundering and terrorist financing, the Fourth Anti-Money Laundering Directive (EU) 2015/849), also known as AMLD4, was passed on May 2015, with member states required to adopt it (and transpose into national law) by June 26, 2017. In the European Union, the first AML directive was adopted in 1990 in order to prevent the misuse of the financial system to conduct money laundering.
