Reproductive Technologies and Human Dignity. November 17, 2019. November 18, 2019. By Melissa Moschella. Given the risks of assisted reproductive technologies and gene-editing technologies for both individuals and society as a whole, a hands-off, libertarian approach to these issues is ethically irresponsible. Because these technologies imply a radical transformation in our understanding of the meaning of parenthood and our approach to the next generation, we must ask ourselves what sort of ...
