This book reassesses the role of Russian Montparnasse writers in the articulation of transnational modernism generated by exile. Examining their production from a comparative perspective, it demonstrates that their response to urban modernity transcended the Russian master narrative and resonated with broader aesthetic trends in interwar Europe.

Documents the Russian prime minister's rapid ascent from a low-level KGB operative to the presidency, describing his selection by an ailing Boris Yeltsin's oligarchy and the ways in which the author believes that his views and ambitions have renewed Russia's threatening position to its citizens and the world. By the author of Perfect Rigor. Reprint. 35,000 first printing.

Relationships don't have to be that hard! Billions of people are walking around on this Earth, trying to connect with others and build meaningful and satisfying bonds. Yet for so many, there is something getting in the way of this wonderful experience. Something is preventing individuals and couples from having the joyful life they want and deserve. Rational Relating guides you through the simple, step-by-step process of creating and sustaining a relationship structure that serves to enhance love, serenity, and pleasure, while minimizing stress, resentment, and fear in relationships. It outlines the "five pillars" that will uphold and sustain emotional connections, even during the rough times. It will give you clear tools and resources for discovering abundance in your life, while using the power of your mind and spirit to enhance positive, nurturing relationships. If you are in the early stages of a new relationship, heading toward marriage or partnership, or even looking for refreshing ways to reconnect in a long-term partnership, then Rational Relating will offer you smart, innovative, and fun ways to create the love you want with others. Based on two decades of experience and thousands of sessions, Damon L. Jacobs has developed a simple framework that helps couples build a lasting and sustainable union that endures the largest and smallest of relationship "earthquakes."

This 6th edition includes numerous revisions, amendments and additions in line with ongoing practice and legislative changes in building construction. Included are features of construction that are designed to economise and manage the use of fuel energy in buildings and limit the effect on atmospheric pollution.

"'Skyfall' goes back to the beginning, to the rebirth of Skolia, showing how a chance meeting on a backwater planet forges a vast interstellar empire."--Back cover.
