SEEING CITIES CHANGE URBAN ANTHROPOLOGY PDF

In contemporary urban areas, all sorts of diversity are simultaneously increased and concentrated, chief amongst them in recent years being the ethnic and racial transformation produced by migration and the gentrification of once socially marginal areas of the city. Seeing Cities Change demonstrates the utility of a visual approach and the study of ordinary streetscapes to document and analyze how the built environment reflects the changing cultural and class identities of neighborhood ...

Seeing Cities Change: Local Culture and Class (Urban ...

During the 1970s, urban anthropologists also shifted attention from studies in the city (i.e., viewing the city as merely a site for research) to studies of the city (i.e., making the urban dimension central to the analysis of relationships and symbols). Some argued that only the latter should be considered "urban anthropology."

Anthropology - Urban anthropology | Britannica

Katrina Johnston-Zimmerman is an urban anthropologist and director of THINK.urban, a consulting firm focused on spurring urban change through the lens of anthropology. She has recently launched the Women Led Cities Initiative which aims to increase women's representation in the shaping and management of our cities.

Consider Anthropology in Your Next Urban Design Project

Urban anthropology is a subset of anthropology concerned with issues of urbanization, poverty, urban space, social relations, and neoliberalism. The field has become consolidated in the 1960s and 1970s. Ulf Hannerz quotes a 1960s remark that traditional anthropologists were "a notoriously agoraphobic lot, anti-urban by definition". Various social processes in the Western World as well as in the "Third World" brought the attention of "specialists in 'other cultures'" closer to their homes.
