The capital/income ratio (?) is the total value of assets owned by the residents of a given country divided by the total income from labor and capital for this country in a given year. In most developed countries today, capital is equal to 5 or 6 years of national income. The capital/income ratio measures the importance of capital in a society.

*Summary of Capital in the Twenty-First Century by Thomas ...*

Capital is money used to obtain more money. These two different arrangements are summed up respectively in the diagrams C-M-C and M-C-M (C = commodity; M = money). Capitalists are primarily interested in the accumulation of capital and not in the commodities themselves.

*Karl Marx (1818–1883): Capital (Das Kapital) | SparkNotes*

I here provide a summary of Capital in the 21st Century by Thomas Piketty. The summary is broken into three parts by theme. The first part of the summary covers the Capital/Income ratio and the Capital Share of Income. The second part of the summary covers Income inequality and Wealth inequality. The third part of the summary is about Inherited Wealth. I also provided a "fourth" part discussing some of the main objections and criticisms that have been raised.

*Summary of Piketty – Robert Kirkby*

Summary Investing shouldn't be about creating wealth for just one person. Capital should have a higher purpose, that of creating a better world – not just for people but also for plants and animals. Many investors focus on their personal gains and pay no heed to the wider ramifications of how they invest their money.

*The Purpose of Capital Free Summary by Jed Emerson*

Capital is a term for financial assets, such as funds held in deposit accounts and/or funds obtained from special financing sources. Capital can also be associated with capital assets of a company...

*Capital Definition*

Karl Marx's Capital can be read as a work of economics, sociology and history. He addresses a myriad of topics, but is most generally trying to present a systematic account of the nature, development, and future of the capitalist system.

*Das Kapital: Summary | SparkNotes*
