This ability is the single greatest skill that will help you accomplish your dreams. Many people have a fear of public speaking or are insecure about their ability to give a successful presentation. Now public speaking coach and bestselling author Carmine Gallo explores what makes a great presentation by examining the widely acclaimed TED Talks, which have redefined the elements of a successful presentation and become the gold standard for public speaking. TED ? which stands for technology, entertainment, and design ? brings together the world's leading thinkers. These are the presentations that set the world on fire, and the techniques that top TED speakers use will make any presentation more dynamic, fire up any team, and give anyone the confidence to overcome their fear of public speaking. Today's workplace is fast paced, highly complex, and sometimes even life-threatening. Yet it is possible to thrive in the 'pressure-cooker' of modern work life. We all have the right to enjoy rather than just endure work. In the unpredictability of even the most challenging

environments, the route to success and fulfilment at work is to build our resilience. This groundbreaking book provides a highly effective toolkit that will empower you to survive, thrive and flourish in the dynamic and fast-changing context of blue-light services. Discover how to:

- Be ready for the unexpected, feel calm and confident under pressure and avoid burnout
- Reduce stress and anxiety by understanding the essential components of a resilient work life
- Evaluate your own resilience factor with the Workplace Resilience Instrument

“Jonathan Rees shows us through bright examples and actionable exercises that we, too, can thrive under pressure. Our own resilient behaviors can be modeled to match the situations we face. Although reading about what makes people resilient can be insightful, Jonathan’s battery of self-assessment tools provides the reader with specific feedback to be more effective and view adverse situations as opportunities more so than danger.” Dr. Larry Mallak, Western Michigan University, Author of 'The Workplace Resilience Instrument (WRI)' This book represents the next stage of Jonathan’s work and provides any senior leader in the public sector with an opportunity to learn and refresh the practical skills that will help them in these challenging roles. Whether you are a senior leader in policing, the NHS or elsewhere in the public sector I would recommend that you read this book and adopt its principles. I promise that it will help you to survive and thrive in the pressure cooker. Chief Superintendent Ian Wylie, Vice president, Police Superintendents’ Association.
