UbD) is a “ planning process and structure to guide curriculum, assessment, and instruction ” which contains two core concepts: 1) The idea that all teaching and assessment should be focused on developing students ’ deep understanding of course concepts and ability to transfer their knowledge and skills; and

What is Understanding by Design (UbD)? | Chalk

As its title suggests, Understanding by Design (UbD) reflects the convergence of two interdependent ideas: (1) research on learning and cognition that highlights the centrality of teaching and assessing for understanding, and (2) a helpful and time-honored process for curriculum writing (Wiggins & McTighe, 2005). UbD is based on eight key tenets:

While all students taking this major will take the same two core modules in the first year and a single core module in the second year, there is a great deal of choice during the remaining study period. The remaining modules in this major fall into three different broad themes, reflecting the teaching strengths of the academic staff members.
